UPCEA

FUTURE TOPICS

Through the 2021 UPCEA Annual Conference evaluation survey and a May 2021 snap poll, 104 individuals provided feedback on topics they would like to see UPCEA tackle in the future. Invitations were sent out to all 2021 Annual Conference attendees, as well as via UPCEA's Membership Matters newsletter and a link posted on the UPCEA CORe discussion site.

webinars

adjusting to pandemic impacts

diversity and inclusion

trends in workforce

mentoring opportunities

program planning

more in-depth/practical applications
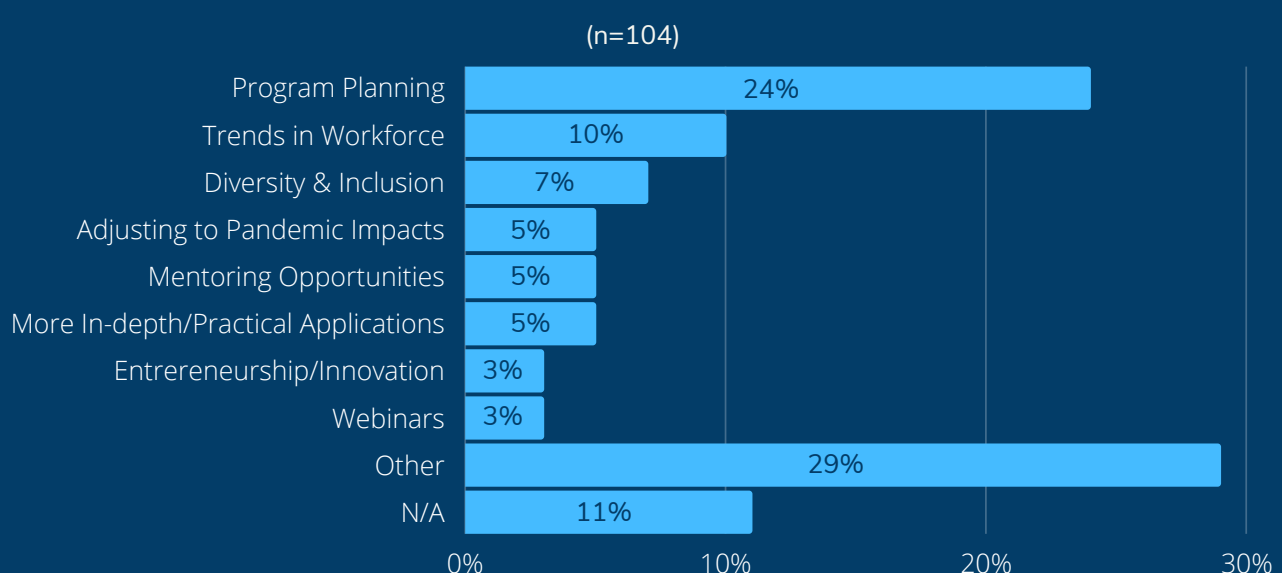

entrepreneurship/innovation

24% Twenty-four percent of respondents are interested in **program planning** for next semester and beyond.

Ten percent would like to delve into trends in the workforce, including technology and outsourcing. **10%**

7% Seven percent have diversity and inclusion at top of mind, and leadership in these efforts.

(n=104)

Topic	Percent
