

MEMBERSHIP MATTERS!

Your UPCEA membership provides you and your team with these valuable benefits:

Connect with Over 19,000 Colleagues

- + Start a discussion in **CORE**, our 24/7 online member community platform
- + Join our professional **Networks** and connect with members with similar roles and interests
- + Belong to a community of peers who understand online and professional continuing education
- + Learn from colleagues and leaders and share your expertise in your member discussion platform, CORE

Boost Your Career

- + Use any or all of our Hallmarks of Excellence frameworks to strengthen your unit and ensure quality
- + Earn a PCO certificate or take individual courses with the UPCEA **professional development programs**
- + Access free webinars and chats throughout the year
- + Volunteer as a leader, presenter or mentor
- + Showcase your accomplishments and be recognized with UPCEA's awards program

Leverage the Expertise of Leaders

- + Stay updated on trending topics from UPCEA's experts and see what members are talking about with your member newsletter, *Membership Matters*
- + Get hundreds of recorded conference sessions, webinars, benchmarking and research studies in our member library
- + Be first to hear of trends and news with UPCEA blogs and updates
- + Get the latest federal policy updates and advocacy information

Access our Experts

- + Get the research you need to grow your unit—the best value in the industry today
- + Need a quick consult? Members get a free "Second Opinion" from our experts
- + See how you stack up with member benchmarking studies or custom research at member rates

Save Money

- + Enjoy member rates on all UPCEA conferences, events, professional development and job postings
- + Access **free** expert advice and research studies
- + Add an unlimited number of colleagues to your roster with your institutional membership

BY THE NUMBERS

- + Over **19K** members
- + **9K** searchable discussions
- + **1.9k** shared resources in CORE

"UPCEA membership is invaluable for those developing and delivering market-driven online courses, certificates, and programs."

Sunay Palsole, Ph.D.
Texas A&M University
